CARRIES A FULL LINE OF

Surries, phaetons, buggies, road wagons and the old reliable capital wagon. Shelf and heavy hardware, hay rakes and hay tools.

The Jones Chain Drive Mower.

There are many kind of mowers. But there is one I like the best. It is of the Plano where we get them. Always better than the rest.

There you get the Chain Drive Mower. That runs without a noise. The old man does the mowing. And will not let the boys.

Rost has a mower. They call it the Jones. It will mow in the meadow. Right over the stones.

The Jones is a sailing. And is sailing very fast. While the old Gog Mowers. Are a thing of the past.

The Jones Chain Drive Mower. Has such an easy draft. That if I ever break the tongue. I will make a pair of shafts.

The Jones Chain Drive Mower. Is perfect in every part. You do not have to back in grass. When you want to get a start.

One thing about the Jones Chain Drive. Is that it can't be beat. The only thing it ought to have. Is a lazy back to the seat.

A full line of farm machinery, washing machines, patent churns, lawn and garden rakes, hand and wood saws, carpenter tools, screen wire, window frames and doors, machine oils and axle grease, weed and brush scythes, and barb wire. Table and pocket cutlery, shears, razors and straps.

J. H. ROST,

We have four pretty patterns of Fine Decorated Porcelain China Dinner Ware, will sell it in any quantity to suit you, take what you want, and leave out the pieces you don't want, and will give you for a short time 15c. on the dollar off. Now is the time to buy you a fine set for a little money. What do you think of Dinner Plates, best ware, for 35c. Cups and saucers, best ware, for 35c.

We have got a thousand bargains for you, in our Store and hundreds of things you don't know we have, anything you may want; come and ask us if we have it before you buy it elsewhere.

We call attention to our flour which we are selling at 30c. per hundred under our competitors. We bought 3 cars of flour before it went up. We warrant every sack.

We bought fruit jars and cans while they were cheap, and will sell at the lowest price. We are selling screen wire cloth cheaper than any one. Please don't forget that we have most everything in the hardware line, and we are selling lots of it; if you don't think we are cheaper than anyone, just come and price it once.

Our Java Blend coffee at 25c. lb. We can hardly keep it in stock. In fact we have large quantities of it coming in fresh every week, almost the same with our pure Mowme teas. To parties that are using tea siftings we want to say that we have the finest we can possibly buy, only 10c. per pound.

Remember when you have butter, eggs or chickens to sell, you don't have to hunt around to get some one to take it, but bring it to us and unload. We take all you bring; if it is a carload or a day, we take all you bring. We have found a better outlet for Butler, and are paying 10c. lb. We will do everything in our power to please you and warrant everything we sell you. Yours truly,

Counties Asked to Respond.

Jefferson City, Mo., June 17.—Mr. J. W. Zevely, secretary of the Democratic State central committee, calls attention to the fact that but four counties in the State have sent him the result of conventions or meetings held, asking the committee to call a State convention. From newspaper reports it seems that large numbers, if not a majority, of the counties have taken some kind of action concerning a silver convention, and it is deemed important that all such expressions should be transmitted to the State committee so that in the event of another meeting, which now seems quite probable, the proper evidence may be at hand.

Starvation Rumors Denied.

Perry, Ok., June 13.—Considerable indignation exists here over the continued reports of suffering in the Cherokee Strip. While there are there are in every country on the globe, in this county or vicinity there is no more suffering among the people than in the States. There was never a better prospect for corn, oats and all crops except wheat, and the people are happy and contented. The tales of starvation are greatly exaggerated and the people are holding meetings denouncing the authors of such stories.

"Coin and Cash. Cash asked Coin, do you attribute all the ills to the demonization of silver? I do, said Coin, and prophesied we have not begun to see the trouble, we will if the crime of '73 be not atoned for.
